

LANSEHOF AT THE ARTS CLUB AND AUGUSTINUS BADER JOIN FORCES TO OFFER A 'SPRING DUET' PACKAGE

The must-have treatments to prepare body, mind, and soul for the approaching summer season

High-res images [here](#)

May 2024: This Spring, [Lanserhof at The Arts Club](#) and world-renowned skincare specialist, [Augustinus Bader](#), invite guests to enjoy an indulgent duo 'Spring Duet' offering.

Lanserhof at The Arts Club is thrilled to be the home for Augustin Bader's inaugural flagship, [The London Skin Lab](#). Lanserhof is an internationally recognised pioneer in longevity and wellness, and so together with Augustinus Bader they are pleased to invite guests to experience high-performance treatments to boost cellular communication, promote rejuvenation, and firm, tone, and refine the skin of the face and body – along with state-of-the-art equipment and analytical techniques, all in a beautiful Mayfair clinic.

For the 'Spring Duet' package, select from either:

- **INFUSION THERAPY AND AUGUSTINUS BADER'S VISIA SKIN ANALYSIS COMPLEMENTED WITH A SPRING GLOW FACIAL**
[Intravenous infusion therapy](#) combines highly concentrated doses of nutrients, vitamins, and amino acids which have been formulated to aid detoxification, hydration, and rejuvenation. As opposed to traditional forms of supplementation, infusions are delivered directly into the bloodstream resulting in increased absorption rates and an immediate feeling of wellbeing.

Combine this treatment from the experts at Lanserhof with Augustinus Bader's Visia Skin Analysis (a professional skincare consultation to analyse individual needs) and a Spring Glow Facial and you'll be all set for Summer! The Spring Glow Facial is a 40-minute limited edition treatment specially created to rejuvenate and revitalise skin to enhance a person's natural beauty and leave them with a radiant and youthful complexion just in time for the upcoming summer season.

Price is £430 for non-members / £365 for members of Lanserhof at The Arts Club

- **CRYOTHERAPY AND AUGUSTINUS BADER'S BODY DETOX EXPERIENCE INCLUDING A LANSERHOF SALT FOOT BATH AND FACE SHEET MASK**

[Whole-body cryotherapy](#) is a treatment that exposes a person's skin to extremely cold temperatures, typically ranging from -60 to -110 degrees Celsius, for a short duration of time – usually no longer than three minutes. The therapy can offer significant long-term medical and health benefits, and has proven to have many applications, including in the treatment of acute sports medicine, physiotherapy, and general pain relief. One of the key advantages of cryotherapy is its ability to stimulate regeneration at a cellular level. When the body is exposed to extreme cold, it triggers a healing response, which can help rejuvenate damaged tissues and promote overall wellness.

Combine this treatment from the experts at Lanserhof with Augustinus Bader's Body Detox Experience, including a Lanserhof Salt Foot Bath and Face Sheet Mask. The Body Detox Experience significantly improves the look and feel of cellulite, stretchmarks and dry skin – an extraordinary offering to nourish, smooth, and reinvigorate from head to toe.

Price is £325 for non-members / £270 for members of Lanserhof at The Arts Club

To enhance the experience further, Lanserhof encourage guests to reserve a place in their lounge before, after, or even in between treatments for a spot of healthy lunch or a smoothie.
